EQAO TIPS FOR PARENTS

EQAO Testing

1. What is EQAO Testing?

EQAO Testing is a Provincial Assessment for Grade 3 and 6 students. It measures students’ understanding of Grade 1 and Grade 4 curriculum expectations.

2. Why is EQAO Testing important?

EQAO Testing helps educators and parents understand students’ progress and identify areas for improvement.

3. How can parents support their children during EQAO Testing?

Parents can support their children by creating a quiet, distraction-free environment, ensuring their children are well-rested and fed, and helping them to feel confident and comfortable.

4. Where can parents find more information about EQAO Testing?

Parents can find more information about EQAO Testing on the EQAO website (www.eqao.com) and in the EQAO Testing Guide for Parents.

5. What can parents do to prepare their children for EQAO Testing?

Parents can help their children prepare for EQAO Testing by reviewing the EQAO Sample Questions and Practicing with their child.

6. How can parents find out more about EQAO Testing?

Parents can find out more about EQAO Testing by contacting their child’s teacher or school, or by visiting the EQAO website (www.eqao.com).

7. What should parents expect during EQAO Testing?

Parents should expect their children to be tested in a quiet, distraction-free environment, and to be given time to complete the test.

8. How can parents contact EQAO?

Parents can contact EQAO by telephone at 416-321-9513 or by email at info@eqao.com.
